# NAHL, NAPHL, NA3HL NAVIGATE THROUGH 2020-21 SEASON

As the calendar turns to 2021, the NAHL, NAPHL, and NA3HL family of leagues continue to navigate through a season unlike any other. All three leagues have been operational since September and all have adhered to new Covid-19 protocols aimed to keep players safe and keep them on the ice and playing.

“What we are experiencing this season is truly unprecedented and it has left each and every one of us with a new appreciation for the game that we love. We are thrilled that we continue to play with these new protocols at the forefront. Each and every one of our teams and owners are to be commended for the way they are navigating through this difficult period. The NAHL, NAPHL, and NA3HL, and its member clubs is continuing to utilize the latest information available in order to provide the safest environment as possible for all of the players, coaches, staff, billet families and fans,” stated NAHL Commissioner and President Mark Frankenfeld. “We look to continue to raise the bar and provide more opportunity for the development and advancement of our players.”

The NAHL recently announced that its Board of Governors has voted to extend the 2020-21 season. The extension was approved for three primary reasons. First, with the NCAA Division I recruiting dead period being extended to April 15th, the extension of the season will give NAHL players more time to be scouted and seen by NCAA coaches and scouts. Second, the extension allows players more time to practice, play, and develop due to schedule interruptions caused by Covid-19. Lastly, an extension gives the fans in NAHL communities a chance to support their teams in what will hopefully be a more accommodating climate and atmosphere. As a result, the ongoing 2020-21 regular season will now end on Sunday, May 16th. The opening round of the 2021 Robertson Cup Playoffs will take place from May 20-30 with the best of 5 Division Semi-Finals.

“This decision was made in the best interest of our players. We wanted all of our teams to have the maximum amount of opportunity to provide NAHL Hockey to as many players as possible in order to develop, play, and be exposed to NCAA and NHL scouts. This extension allows more time for NCAA coaches to evaluate the players and also allows more time for player development that have been disrupted this season by shutdowns and rescheduling due to schedule interruptions caused by Covid-19,” said Frankenfeld.

The NAPHL will host its eighth and ninth events this weekend in Indianapolis, IN and Blaine, MN. The NAPHL continues to monitor local and federal guidelines and will follow the recommendations in place. Even with everyone's participation, the NAPHL cannot eliminate all risk associated with Covid-19, but thanks to everyone's cooperation and some event relocations, the NAPHL has managed to put together a full season with league-wide Championships scheduled for February in Dallas, Texas.

The NA3HL has also done well to navigate through the Covid-19 landscape. Teams are full of players and the NA3HL has played continuously since October 1st. The NA3HL is in its 11th season in 2020-21 and serves as one of the top training grounds in the country by providing the best coaching, exposure and developmental vehicles available for student-athletes in Tier III junior hockey. It is one of only two USA Hockey-sanctioned Tier III junior leagues.

No other league has had more movement and advanced more players onto play in the NAHL than the NA3HL. Earlier this summer, not only did 27 NA3HL players sign a tender to play in the NAHL for the 2020-21 season, but 28 more players were selected in the 2020 NAHL Entry Draft back on July 21st. The NA3HL also continues to make its mark and is one of the leaders in junior hockey with the advancement of players onto the NCAA. In 2020, the NA3HL had over 120+ college commitments, with almost 70% of those being NCAA commitments.

# NOW, LET YOUR GAME PICK YOUR SKATES.

Our revolutionary new Performance Fit System lets players, for the first time ever, choose the best performing skate for their game, regardless of foot shape. That's because Vapor, designed for quick players and Supreme, engineered for players with a longer stride, now come in three distinct fits. So every player gets great performance and a great fit.
